VERIDOCS
POWERED BY EVERI

# Don't just verify...Authenticate.

In seconds, TrueAuthentication® goes beyond basic ID scanners to confirm all readable components of an ID and its security features.

√ Authenticate ID documents

√ Autofill forms; save time for casino staff and patrons

√ Reduce staff errors on ID checks

√ Reduce the risk of fraud

√ Improve legal compliance

TrueAuthentication™ Technology

√ Checks against one of the world's most frequently updated libraries of government-issued IDs

√ Confirms the validity of security features using white light, ultraviolet light and near-infrared

√ Confirms a match between the barcode, RFID, and magstripe data with data printed on the front of the ID, offering security far beyond a simple barcode scan

√ Easily integrates with Everi products and other systems to retain data
